## Iridium 9555

**\$995 NEW** 12-MO WARRANTY  
**\$699 USED** 6-MO WARRANTY

The Iridium 9555 offers voice, data, and two-way SMS messaging. It weighs only 9.4 oz and has an internally stowed antenna making it sleeker than the 9505A. The 9555 incorporates an integrated speakerphone, improved texting and email capabilities, a Mini-USB data port and a redesigned and intuitive user interface. The standard battery provides up to 4 hours of talk time or 30 hours of standby on a single charge.

Kit includes: Iridium 9555 phone, AC charger/plug kit, holster, mag-mount car antenna with 1.5 m cable, antenna adapter, DC charger, and hands free earpiece, USB to Mini-USB cable/Data CD, and user guide/quick start guide.

Optional equipment includes a high capacity battery with 6.5 hours of talk time, and advanced docking stations for portable bag phone, vehicular, or marine applications.

## Iridium 9575 Extreme™ \$1375 NEW 12-MO WARRANTY

This is the newest, most weather resistant, and feature rich Iridium phone yet. Diamond-tread rubber armor makes it easy to grip and gives it a remarkable IP65 ingress protection rating against dust and water intrusion. A built-in GPS capability lets you communicate your position to others and optionally lets them track you from a password protected website. An SOS button (compatible with the Satellite Emergency Notification Device standard) lets you notify your friends of your GPS position at the press of a button. The Iridium 9575 Extreme offers voice, data, GPS, SOS, online tracking and SMS but weighs only 8.7 oz and is 10% thinner than the Iridium 9555. The Iridium Extreme standard battery offers 3.5 hours of talk or 30 hours standby.

Kit includes: Model 9575 Iridium phone, battery, AC charger/plug kit, holster, magnetic-mount car antenna with 1.5 m cable, Adapter 9575 Power USB, Adapter 9575 Antenna Power USB, DC charger, and hands-free earpiece, USB to Mini-USB cable, Data CD, and user guide/quick start guide.

Optional equipment includes a docking station, vehicular antennas and marine mast antennas.

## Iridium 9505A \$1495 NEW 12-MO WARRANTY

The 9505A is the world's workhorse handheld satellite phone. It is 6.2" tall and weighs 13.2 oz. It offers voice, 2400 bps data and SMS text messaging. Optional equipment includes an RS-232 serial data kit, USB to serial adapter, PCMCIA to serial adapter, a fax adapter for standard G3 fax machines, secure voice and data equipment, and vehicle docking stations.

Kit includes: 9505A Standard Kit includes: leather holster, Li-Ion battery, AC "wall" charger with 5-piece plug set, DC "car" charger, stick antenna, magnetic mount car antenna with 1.5 m cable and antenna adapter, hands free earpiece, and user guide.

**Iridium 9555 & 9575**

## WiFi Hot Spot

AccessPoint for the Iridium 9555 or 9575 makes data available to your computer or smart phone.

## External Antennas

marine, fixed-site, and land vehicle applications

## Pelican Cases, Fold-Up Solar Panels & more...

## BEAM PotsDOCK for the 9555 or the 9575

The PotsDOCK by BEAM can be used to dock your Iridium handset in a car, boat, or building. It is Bluetooth enabled and has a built-in GPS feature provides the ability to track the location of the docking station via a web site or email messaging. The PotsDOCK has an RJ-11 port for use with standard phone equipment. You can also make voice calls using an optional privacy handset.

- Bluetooth support
- RJ-11 phone port
- Mini-USB data port
- GPS tracking capabilities
- hands-free operation (requires use of 9555 earpiece)
- battery charges while docked
- Uses 100V-240 VAC "wall power"
- Uses 9-32V DC "vehicle power"
- OPTIONAL: Privacy Handset/Cradle
- OPTIONAL: 5-meter car mount antenna
- OPTIONAL: mast antenna with 10-m or 20-m cable

### PotsDOCK for the 9555

Iridium 9555 and optional privacy handset/mount shown but not included

## Sattrans Dock for the 9505A

- hands-free speaker and microphone
- privacy handset with cradle
- echo cancellation
- serial data port (RS-232)
- phone battery charges while docked
- runs on 12 VDC "car" power
- INCLUDES car antenna with 1.5-m cable
- OPTIONAL car antenna with 5-m cable

### Sattrans Dock for the 9505A

Iridium 9505A shown but not included

## Rack Mountable RST-100 by BEAM

The RST100 Remote Satellite Terminal offers a fixed-site Iridium solution that can be used with standard phone equipment in a building via an externally mounted mast antenna (included). Voice, data, and messaging services are supported. An LED display indicates the status of power, satellite signal strength, ongoing call status, and voicemail waiting. Data or internet at 2400 bps is available through an RS-232 serial port. Runs on either 11-32 VDC power or AC "wall" power using a 110/240 AC-DC supply.

RST100 Kit includes: Includes Remote Satellite Terminal, 110/240 AC-DC supply, mounting bracket, data cable, user guide, installation CD.

Options include: RST710 Intelligent Handset, mast antenna, lightning suppressor, 10-m and 20-m antenna cables.

### BEAM RST100

POTS phone (left top) and optional Intelligent Handset (right top) not included

## Iridium OpenPort Marine Phone

The OpenPort provides three voice channels and simultaneous always-on internet. Based on your rate plan, data speeds of 9.6 to 128 kbps are available using a standard Ethernet port. The three voice ports can use conventional phone equipment. There is also a crew handset. There is a 20-meter cable connecting the Iridium antenna (shown right) with the below decks unit.

### OpenPort Marine Phone

- 3 Voice Lines
- Data Speeds up to 128 kbps
- Global Marine Coverage

## OPTIONAL U.S. NUMBER

AVAILABLE ON PAY-AS-YOU-GO PLANS

All rates quoted on this page refer to Basic Rate Services as defined in the service contract. The stated Basic Rate requires that calls originate from the indicated Home Zone region unless otherwise specified in the service agreement. PROMO Prepaid plans are for new activations with the purchase of a phone. Additional activation fees and/or minimum initial term period apply to some plans. Customer pays USF/tax. Plans shown as New Activations Only are not reloadable and can be applied only to previously unused SIM cards. See service agreement for complete terms and conditions.

*"Producing television programs featuring international hunting requires being away from home for weeks at a time, often in locations without modern conveniences, including a telephone. Whether I am in the Himalayas, the savannah, or the Rocky Mountains, my satellite phones from Outfitter Satellite allow me to handle office business and keep in touch with home, which make extended road trips tolerable."*

**Steve Scott, Executive Producer**
