Changes to the North American Plan series, including: Iridium Promotional Plan, Emergency Use PROMO Plan, North American Plan PROMO North American Plan 2010, Home Land Plan PROMO and Home Land Plus Plan PROMO. These plans had a 2-Year Initial Terms and special rates for the continental US, Canada, Alaska, Puerto Rico, and Island Zone (collectively the HOME ZONE). After the initial term, these plans will continue on a month-to-month basis at the same monthly rate with 10 FREE HOME ZONE VOICE MINUTES per month. Note that some plans previously had 15 FREE HOME ZONE VOICE MINUTES and that this has been reduced to 10 FREE HOME ZONE VOICE MINUTES.

Long SMS Messages: Some phone models (particularly the Iridium 9555) now support long SMS messages up to 1000 characters. These long SMS messages will be billed (and sent) as a series of separate SMS messages of 160-character length (or less).

Undeliverable SMS messages: SMS messages that are sent but not delivered often fail due to errors unrelated to the Iridium network such as problems with the target address mail filters, mailbox overflows, or incorrect addresses remain billable.

GmPRS Light Service costs \$30 per month (\$100 setup fee and 12-month term). It includes 5120 Kbytes per month of GmPRS internet service, and the unused part of this bundle is lost if not used during the month. Additional overage usage beyond the monthly bundle is \$0.07 per 10 Kbyte of overage usage.

The rates shown above only apply to Thuraya-satellite-mode calls and do not apply to GSM-cellular-mode calls. Other types of calls not given explicitly are billed at different rates.
